THE DIRECTOR OF
CENTRAL INTELLIGENCE

National Intelligence Council

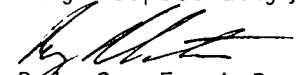

7 October 1986

NOTE FOR: DDCI
DCI
in turn

Gentlemen,

Mea culpa for getting this to you so late. Given the sensitivity of the paper, we would like your review and clearance before going formally back out with a redraft. I got a look at an earlier version late last week, and sent it back. My additional adjustments have now been accommodated, along with your own. Hopefully policy-neutral tone and policy-relevant content have been captured. With your permission, we will distribute. A Reps' meeting is now scheduled for 20 October, with NFIB on 30 October. We will try not to let future NIEs drag on as this one has. But I do think we have a better product; we await your judgment.

Very respectfully,

Brig Gen Frank B. Horton III
Chairman
